

# Leased Space

**Facilities & Services**

UNIVERSITY OF ILLINOIS URBANA-CHAMPAIGN

# Important Information

- Only some Leased Buildings have floor plans and therefore have specific space, many do not have floor plans.
- If there are no floor plans space will be put in as Office or Laboratory Space. It is OK to change the room use (it can be split).
- If there are floor plans you will also see some space with a room number that starts with DEM. This space is the difference between leased sq ft in contract and the actual poly-lined space. So: Polylined Space + DEMIS Space = Space Leased. Please go ahead and verify this space.
