- To Search the electronic file:
1. Download the file to your computer use the “find” feature in Adobe.
 2. Type the name or part of the name and hit enter.
 3. Adobe will highlight the name, and place a blue moving box around the area with the name in the center.
 4. Click on the blue box, and Adobe will zoom to that area.
 5. If that is not the name you are looking for, choose “Next” and Adobe will continue to scroll through matches.
