

The crane operation is planned for 11/14/2026 between 6:00 a.m. and 1:00 p.m.
1) Entire building shut down during crane operations
2) Move in at 6:00am/set up crane
3) Ready to pick at 7:00 a.m. sweep building and close walkways and entry points.
4) Finish lift by 1 p.m. open walkways and entry points.
5) Break down crane and demobilize.
Crews will do a sweep of the building prior to operations beginning to ensure no users are present. Barricades will be set up on the sidewalk to prevent use while the crane is in operation. Additional crew members will also assist in traffic control.
